WHEREAS, by reason of the increased growth and building activity in ***Port Isabel***, it is deemed necessary for the orderly development and growth of the ***City of Port Isabel*** that an adequate and comprehensive Zoning Plan be adopted;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COMMISSION OF THE ***CITY OF PORT ISABEL***:

That the Zoning Ordinance of the ***City of Port Isabel*** shall be as follows:

ARTICLE 1-PURPOSES

Section 1. The Zoning Regulations and Districts as herein established are made in accordance with a comprehensive plan for the purpose of promoting the Health, Safety, Moral, and General Welfare of the ***City of Port Isabel*** and in accordance with the Chapter 211 of the Texas Local Government Code. They are designed to lessen the congestion in the streets; to secure safety from fire, panic, and other dangers; to avoid undue concentration of population; to facilitate the adequate provision of transportation, water, sewerage, drainage, schools, parks and other public requirements. They are made with reasonable consideration for the character of the Districts, their suitability for particular uses and with a view of conserving the value of buildings and encouraging the most appropriate use of the land throughout the ***City of Port Isabel***.

ARTICLE 2- GENERAL

Section 1. The Zoning regulations and districts as set forth in this ordinance are hereby approved and established and no building, structure or premises shall be hereafter used, and no building or structure shall be hereafter erected, altered or enlarged which is intended or designed to be used in whole or in part except in conformity with the rules and regulations herein prescribed for the district in which such building, structure or premises is located as shown by the City Zoning Map.

Section 2. There are hereby created eleven (11) districts termed respectively:

- | | |
|--|---------------------------------------|
| (1) Class "N" District | (7) Class "LR" Local Retail District, |
| (2) Class "R-1" Single Family Residence District | (8) Class "B" Business District |
| (3) Class "R-1-S" Small Single Family Residence District | (9) Class "I" Industrial District |
| (4) Class "R-1-A" SFR District | (10) Class "P" Public District |
| (5) Class "R-2" Multi-Family Residence District | (11) Class "PDD" Planned Dev. Dist. |
| (6) Class "MH" Manufactured/Mobil District | |

certain of which at the passage of this Ordinance are designated upon the Zoning Map hereinafter set forth in this ordinance and hereby declared to be a part hereof for all purposes, and all notations, references, legends, and information shown upon said Zoning Map are declared to be a part hereof to the same extent as if said matters and information were set forth in words and figures herein.

Section 3. All construction subject to this Ordinance shall comply with the current Building Codes adopted by the City.

Section 4. Accessory Buildings. Accessory building areas allowed in all districts and are restricted to the rear of the lot behind the main building. The total floor area of an accessory building shall not exceed twenty percent (20%) of the main building. Accessory buildings shall observe the same minimum side-yard requirements by the district, shall be distanced at least ten feet (10') from the main building and any other structure, shall be no closer than five feet (5') from the rear lot line unless otherwise allowed by this Ordinance, and shall occupy no more than twenty-five (25%) of the rear yard area. No accessory buildings shall be used for dwelling purposes except as servant quarters and meeting the definition of servant quarters as defined herein. No accessory building may be constructed upon a lot until construction of the main building has commenced.

Section 5. Temporary Buildings. Temporary buildings used in connection with construction are allowed in all districts for the duration of construction. Temporary buildings used as field offices for the initial sale or lease of property being developed are allowed for six (6) months. No more than one temporary building per project site is allowed. A permit fee, along with other building and utilities fees as determined by the Building Inspector shall be required prior to the installation of a temporary building.

Section 6. Satellite Dishes. All satellite dish installation locations with dish assemblies larger than one meter in diameter shall be restricted to the rear of the house or building in a manner so as to be unobtrusive as possible. All dish bases shall be constructed of concrete.

Section 7. Fences. Fences may be constructed to a height not to exceed six (6) feet on the front yard line and eight (8) feet on the side and rear yard property line. Fences on corner lots must be located no less than fifty (50) feet

form the center of the street intersection or at a 45 degree angle from the corner of the curb edge. In no instance shall any fence be constructed to obstruct the view of vehicles approaching any intersection. Where a fence would square on the corner that abuts an intersection, the section of the fence entering the fifty (50) feet limitation from the intersection shall allow for seventy percent (70%) visibility.

Section 8. Multiple Buildings. More than one (1) industrial, commercial, multiple-dwelling or institutional building may be erected upon a single lot or tract, but the yards and open spaces required around the boundaries of the lot or tract shall not be encroached upon by any such buildings, nor shall any building be less than ten feet (10') from any other structure, nor shall there be any change in the intensity of use for that zoning district.

Section 9. Water Frontage. The following regulations shall apply to all property in all districts with water frontage.

- a. In those areas where docks, wharfs, seawalls or other similar improvements are required or allowed, no such improvements shall be installed, erected or constructed without a building permit.
